I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO UNOMIG FOR THE PERIOD 24 AUGUST 1993 TO 31 JANUARY 1994

A. Period from 24 August 1993 to 31 January 1994

1. By resolution 858 (1993) of 24 August 1993, the Security Council decided to establish a United Nations Observer Mission in Georgia (UNOMIG) for a period of six months. By decision 48/475 of 23 December 1993, the General Assembly decided, "on an exceptional basis, to authorize the Secretary-General to enter into commitments up to the amount of 2,786,600 United States dollars gross (2,680,100 dollars net), for the United Nations Observer Mission in Georgia for the period from 24 August 1993 to 31 March 1994, should the Security Council extend the mandate beyond 31 January 1994". By the same decision, the General Assembly also decided, "to apportion at this time the amount of 2,536,200 dollars gross (2,439,300 dollars net) for the period ending 31 January 1994 among Member States". It further decided that there should be set off against the apportionment among Member States their respective share in the Tax Equalization Fund of the estimated staff assessment income of $96,900 for the period from 24 August 1993 to 31 January 1994.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions laid out in section I.B below and is shown in section IV below. The apportionment was executed in two parts so as to take into account the provisions of General Assembly resolution 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNOMIG. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992-1994, adopted by General Assembly resolution 46/221 A of 20 December 1991 and adjusted in accordance with General Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.

I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO UNMIH FOR THE PERIOD 23 SEPTEMBER 1993 TO 22 MARCH 1994

A. Period from 23 September 1993 to 22 March 1994

1. By resolution 867 (1993) of 23 September 1993, the Security Council decided to establish a United Nations Mission in Haiti (UNMIH) for a period of six months. By decision 48/477 of 23 December 1993, the General Assembly decided, "on an exceptional basis, to authorize the Secretary-General to enter into commitments up to the amount of 1,383,000 United States dollars gross (1,364,000 dollars net), for the United Nations Mission in Haiti for the period from 23 September 1993 to 22 March 1994". It further decided that there should be set off against the apportionment among Member States their respective share in the Tax Equalization Fund of the estimated staff assessment income of $19,000 for the period from 23 September 1993 to 22 March 1994.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions laid out in section I.B below and is shown in section IV below. The apportionment was executed in two parts so as to take into account the provisions of General Assembly resolution 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNMIH. However,

the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991, 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992-1994, adopted by General Assembly resolution 46/221 A of 20 December 1991 and adjusted in accordance with General Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.

I. BASIS OF ASSESSMENT OF MEMBER STATES' CONTRIBUTIONS TO UNOMIL FOR THE PERIOD 22 SEPTEMBER 1993 TO 21 APRIL 1994

A. Period from 22 September 1993 to 21 April 1994

1. By resolution 866 (1993) of 22 September 1993, the Security Council decided to establish a United Nations Observer Mission in Liberia (UNOMIL) for a period of seven months. By decision 48/478 of 23 December 1993, the General Assembly decided, "on an exceptional basis, to authorize the Secretary-General to enter into total commitments up to the amount of 40,318,000 United States dollars gross (39,560,800 dollars net), inclusive of the amount authorized by the Advisory Committee on Administrative and Budgetary Questions in accordance with General Assembly resolution 46/187 of 20 December 1991, for the United Nations Observer Mission in Liberia for the period from 22 September 1993 to 21 April 1994". It further decided that there should be set off against the apportionment among Member States their respective share in the Tax Equalization Fund of the estimated staff assessment income of $757,200 for the period from 22 September 1993 to 21 April 1994.

2. The amount so authorized by the General Assembly was apportioned among Member States in accordance with the provisions laid out in section I.B below and is shown in section IV below. The apportionment was executed in two parts so as to take into account the provisions of General Assembly resolution 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993.

B. Apportionment of the costs of peace-keeping operations

3. On 11 December 1973, the General Assembly adopted resolution 3101 (XXVIII) on the financing of the United Nations Emergency Force (UNEF II). Under the resolution, the membership of the United Nations was divided into four groups: (a) the States permanent members of the Security Council; (b) specifically named economically developed Member States that were not permanent members of the Security Council; (c) economically less developed Member States; and (d) economically less developed Member States that were specifically named. The resolution also specified the amounts of the total appropriation to be distributed among each of the four groups.

4. The four amounts specified in the resolution were established by a methodology intended to produce the following results: the Member States in group D would pay 10 per cent of the assessment rates established for the regular budget, those in group C would pay 20 per cent, those in group B would pay 100 per cent and those in group A would pay 100 per cent plus the amounts not otherwise apportioned.

5. Within each group, according to the terms of resolution 3101 (XXVIII), the amount appropriated was to be distributed among the respective group members on the basis of the relative weight of each group member's regular rate of assessment in relation to the total rate for the group.

6. The scheme for the apportionment of costs set out in resolution 3101 (XXVIII) has continued to be applied since that time for all peace-keeping operations financed through assessed contributions, including UNOMIL. However, the composition of the four groups of Member States has changed repeatedly since 1973 as a result of the admission of 52 new Member States, including 6 new Member States in 1993, and the decisions contained in the various General Assembly resolutions, the latest of which is resolution 43/232 of 1 March 1989, as adjusted by resolutions 44/192 B of 21 December 1989, 45/269 of 27 August 1991, 46/198 A of 20 December 1991 and 47/218 of 23 December 1992 and General Assembly decision 48/472 of 23 December 1993. The percentage shares shown in section IV below demonstrate the results of the application of the scheme, using the scale of assessments for the period 1992 to 1994, adopted by General Assembly resolution 46/221 A of 20 December 1991 and adjusted in accordance with General Assembly decision 47/456 of 23 December 1992 and resolution 48/223 A of 23 December 1993.
